

EDO ^{ELECTRIC} SERIES

Same Powerful Bake. Electric Power.

Marsal's EDO Electric Deck Oven Series is the ideal solution for getting the great bake and quality taste of a deck oven while using the efficiency of electric power. EDO pizza ovens are available in three sizes and are stackable up to three decks.

- *Electric Deck Oven* the engineering of the SD gas series converted into powerful electric
- *The Right Height* a variety of sizes to suit your needs with heavy-duty adjustable legs on the oven base
- *Infinite Controls* attractive and practical top and bottom heat controls in the front of the oven
- *Quality Performance* ultra-high temperature fiberglass insulation allows for 0" clearance in rear
- *Durable Construction* 18-Gauge stainless steel lines the front and doors
- *Endless Possibilities* quick even bake throughout and one-inch thick stone hearth that produces crispier bakes
